To whom it may concern:

Following the meeting held Wednesday, June 3, 2009, between XAG Energy and SouthPoint Wind, SouthPoint Wind Management is pleased to offer our support for the XAG Energy Assessment and Training Initiatives. We believe that the XAG Energy Initiatives are essential in the preparation of local businesses to diversify into the Renewable Energy Sector.

We are writing to express SouthPoint Wind's intent to assist with the preservation and creation of manufacturing jobs by sourcing our turbine and solar panel components through XAG Energy whenever possible, for supply levels which exceed government local content requirements. We look forward to the opportunity to work together in the future to provide support for our community.

Regards,

Stacey Murtagh
Director of Operations, SouthPoint Wind
